Lukin King is a dynamic, innovative professional who brings a wealth of specialized expertise in commercial property leasing, project leasing, land and building acquisition, and client development to his position at Worth & Associates. As an associate broker, he manages all aspects of the leasing process, including client prospecting, property tours, tenant underwriting, lease negotiations, letters of intent, and requests for proposals. Articulate and personable, Lukin is particularly adept at cultivating close tenant relationships and collaborating with project managers, property managers, and leasing agents. He keeps abreast of local markets and industry trends.

Lukin's background includes previously serving as the Vice President of Business Development for WaterFleet, an oil and gas services company. During his tenure in the oil and gas services industry Lukin developed adaptive communications skills and built long-lasting strategic relationships. He graduated from Texas Christian University with a BS in geoscience and a minor in energy management.

He is affiliated with several San Antonio community organizations, including the Order of the Alamo and the San Antonio German Club, and cochairs the local Stewards of the Wild chapter. In his leisure, Lukin enjoys spending time outdoors with his wife and family, particularly salt water fishing on the Texas Coast or hunting in various parts of South Texas.
