Breeana Avila, also known as "Bree," is the Property Manager of Worth & Associates' Inwood Village I & II, University Business Park B, C, & D, and Exchange Tech. She currently manages a portfolio of approximately 350,000 square feet of Class A office and flex space.

Before joining Worth & Associates, Breeana worked in commercial property management for HPI Real Estate and Spire Realty, where she assisted in the management of office and retail properties. Prior to her career in the commercial sector, she spent over 10 years in the multifamily industry as a Property Manager. Breeana is an active member of BOMA San Antonio and is currently serving as the Chairman of the Publicity Committee.

Breeana and her husband, Arturo, are proud parents of three rambunctious children: Noah (11), Avery (6), and Ezra (3). The family are avid foodies and enjoy spending their time cooking new recipes. Weekends are filled with sports activities, and in her spare time, Breeana loves a good thrift hunt.
